MATRIX NEWS:

Broward County selects Matrix for Client Services Management System

Merritt Island, FL – December 2, 2003 – Matrix Information Systems Inc., an information technology consulting firm headquartered on Florida's "Space Coast", announced today that it has been selected by Broward County, Florida, to develop its new Client Services Management System (CSMS). CSMS will help Broward's Human Services Dept. fulfill its mission to deliver efficient, comprehensive County-wide Social, Health and Public Safety Services to Broward County visitors and residents.

The CSMS project, valued at \$865,000, encompasses a services delivery system that will fully integrate, automate, and support all aspects of Broward's client services and the management of those services throughout the Department. Additionally, CSMS will be accessible via wireless devices and the web to ensure optimal availability and utility to Broward's citizens and employees.

"We are honored that Broward County has chosen Matrix for such an important project," said Robin Highstone, CEO of Matrix. "It is gratifying to know Broward appreciates the merits of our reputation and has placed its trust in Matrix, just as our many commercial, government, military, and educational customers have done for over 11 years."

Founded in 1992, Matrix Information Systems provides e-business solutions and custom software development to corporations and federal, state, and local governmental agencies. Headquartered in Merritt Island, FL, Matrix continues to leverage the incredible wealth of talent drawn by NASA's Kennedy Space Center, the 45th Space Wing, and countless area high-tech research, development, and manufacturing firms in the Central Florida High Tech Corridor. In Tallahassee, the Matrix e-Gov Branch delivers standards-based e-government solutions that help the State of Florida reduce processes and improve the quality of its services.
