MATRIX NEWS:

Matrix announces Partnership with iWay Software

Merritt Island, FL, USA – May 26, 2004 – Robin Highstone, Chief Executive Officer of Matrix Information Systems Inc., a high technology development firm with headquarters on Florida's Space Coast, announced that Matrix has joined the InfoElite partner program for iWay Software.

IWay Software provides rapid integration solutions that help large and small companies meet new business challenges without making their vital information investments obsolete. iWay integration solutions enable point projects based on standards like J2EE, .NET, XML, SOAP, and EDI and aggregate them into the service-oriented architecture needed to support changing requirements. This service orientation ensures that projects built using iWay can be fully leveraged by any other integration platform. iWay offers a foundation for business agility and a low cost of entry.

"Incorporating iWay products and technology will allow Matrix to offer our clients more robust integration solutions," says Robin. "We look forward to working with iWay. "

Founded in 1992, Matrix Information Systems, Inc. provides e-business solutions and custom software development to corporate IT departments as well as federal, state, and local government agencies and their contractors. Headquartered on Merritt Island, Florida, Matrix leverages the incredible wealth of talent drawn by NASA's Kennedy Space Center, the 45th Space Wing, and countless area high-tech research, development, and manufacturing firms in the Central Florida High Tech Corridor. In Tallahassee, Matrix's State Branch delivers excellence in standards-based, e-government solutions that help Florida government reduce process and improve service levels.

iWay Software(R) is an Information Builders company that accelerates business integration and is the world's leading adapter vendor.
